

ADVANCE PAYMENT REQUEST

Stone Quarry Management System

Detail	Information
Client	Stone Quarry POS and Attendance System
Prepared by	Chamuthu Pabasara
Date	08.10.2026
Reference	Project Proposal dated 05.10.2026, Package A: Subscription
Payment due	Before work begins
LKR amounts valid for	7 days from the date above (because of exchange rate changes)

1. Summary

This document requests the advance payment needed to start the project. The advance has two parts:

- The starting payment for Package A, which covers the first 3 months of development and maintenance. These 3 months are counted from the system demo handover date.
- The first-year server and domain cost, which must be paid before the system can go online.

Item	Amount (LKR)
Package A starting payment (first 3 months)	LKR 30,000
Server and domain, first year (rounded, see section 2)	LKR 35,000
Total advance payment	LKR 65,000

2. Server and Domain Cost (First Year)

The server (VPS) and the .com domain are bought from Namecheap. Namecheap bills in US Dollars (USD), so the LKR amount depends on the exchange rate on the day of payment.

2.1 Cost breakdown

Item	Period	USD	LKR*
VPS server (Pulsar: 2 CPU, 2 GB RAM, 40 GB SSD, Ubuntu)	1 year	USD 82.56	LKR 31,000
Domain name (.com), including ICANN fee	1 year	USD 11.18	LKR 4,000
Total (first year)		USD 93.74	LKR 35,000

* LKR amounts are rounded up to allow for exchange rate changes. Rate on 8 October 2026: USD 1 = LKR 331.12.

2.2 Included free of charge

Item	First year	Second year
SSL certificate (secure https connection)	Free	Free
Domain privacy (hides owner contact details)	Free	Free
Daily automatic database backups	Free	Free
System email sending (free email service plan)	Free	Free
Server setup and system installation	Free	Not needed

2.3 Second year renewal (estimate)

The server and domain must be renewed every year. Namecheap's first-year price is a discounted price, so the renewal price is higher.

Item	Period	USD	LKR (estimate)*
VPS server renewal	1 year	USD 106.56	LKR 35,284
Domain renewal, including ICANN fee	1 year	USD 15.18	LKR 5,026
Estimated renewal total		USD 122	About LKR 41,000

* Calculated at today's rate. The final LKR amount will be based on the exchange rate on the renewal date (October 2027).

3. Exchange Rate Notice

- The server and domain are charged in USD. The LKR price changes when the exchange rate changes.
- The rate has moved recently. In mid-September 2026 it was about LKR 320 per USD, and on 8 October 2026 it was LKR 331.12 per USD.
- The first-year LKR amount has been rounded up to LKR 35,000. This buffer covers rate increases up to about LKR 373 per USD.
- If the rate goes above that before payment is made, the difference will be added to the next payment. Any unused part of the buffer will be deducted from the next payment.
- The original Namecheap invoice (in USD) can be shared with the client on request.

4. Payments After the Advance

Subscription start date: The subscription starts on the day the working system (demo) is handed over to the client. The starting payment covers the first 3 months from that date. The monthly fee of LKR 10,000 is due from the 4th month after the handover date.

Payment	Amount	When
Monthly subscription (Package A)	LKR 10,000 per month	From the 4th month after the demo handover date, paid in advance
Server and domain renewal	About USD 122 (about LKR 41,000)	Once a year, from October 2027

Payment	Amount	When
Fingerprint devices (hardware)	Bought directly by the client	Before attendance setup

5. Payment Details

Detail	Information
Account name	D.P. Chamuthu Pabasara
Bank and branch	People's Bank, Kirinda branch
Account number	130200260030168
Payment reference	Stone Quarry System Advance

Please share the payment slip after the transfer. Work will begin once the advance payment is received.

6. Confirmation

By signing below, the client confirms the advance payment described in this document.
